

Announcement

November 16, 2007

Lydall announces that Timothy Lefebvre will be joining Lydall Thermal Solutions, Inc., Ossipee Operation as the Director Sales, Marketing and Service effective November 26, 2007. Mr. Lefebvre worked over a sixteen year period with Thermo Electron Corporation, formerly known as Neslab Instruments in Portsmouth NH. Thermo Electron manufactured temperature controlled chillers that served laboratory, semiconductor, medical instruments, lasers and scientific instrument cooling. Mr. Lefebvre held various positions during that time with his last role as Vice President Sales and Marketing. In that role he was responsible for managing a global team of 125 including sales, service, advertising and product management. Mr. Lefebvre received a B.A. in Biology from Plymouth State College.
